Vapor Tight Series

WareLight LED Vapor Tight fixtures are designed to save energy and meet your lighting requirements in harsher than normal environments. They can be used indoors or outdoors. They provide superior light distribution and are intended for applications where moisture and/or dust may be present. Applications include car washes, food processing, gas stations, laboratories, industrial facilities, refrigeration/freezers, parking garages, and warehouses.

Specifications – 4 Foot

CRI	>82	Certifications	UL/cUL us listed for Wet Locations, IP66, NSF Rated, NEMA4X
Light Source	LED	Mounting Options	Surface
