Adjustable Cylinder Series

Bring modern versatility and performance to your lighting design with WareLight's 2" LED Adjustable Architectural Cylinder Light Fixture. Delivering a bright 1080 lumens from just 12 watts, this fixture is both energy-efficient and powerful. The CCT selectable feature allows you to tailor the color temperature to suit any space—whether you're aiming for a warm, inviting ambiance or a crisp, bright light. Ideal for both commercial and residential applications, this fixture offers a clean architectural design with a fully adjustable head for directional lighting. It operates on a universal 120-277V input and comes in a durable black or white finish to complement any décor.
